Dear Stan:

I was sorry that you were not able to come here for our Program for Executives. I hope that we will be able to have you here some other time. I also want to tell you how much I enjoyed my visit at the CIA.

My reason for writing is to tell you a bit about Carnegie-Mellon Institute of Research. The institute, formerly known as Mellon Institute, is the oldest non-profit research organization in the country. It has been a part of Carnegie-Mellon University since 1967. We are operating the institute as a wholly owned subsidiary of Carnegie-Mellon University. The institute has its own president, Theodore S. Hermann. A Ph.D. in physical chemistry, Ted has been president of the institute for the last four years.
